Kalinga University, established in **2013**, stands out as one of the leading private universities strategically located in the Smart City of New Raipur, Chhattisgarh. The University has consistently ranked among the top **101–150** universities in India under the **NIRF Rankings 2025** for the fourth consecutive year and has also received a **NAAC B+ accreditation,** continuously shining on the horizons of high-quality education.

## ABOUT THE FACULTY OF COMMERCE & MANAGEMENT

The Faculty of Commerce and Management of Kalinga University focuses on imparting the highest quality of education and exposure related to the economy and businesses to produce next-gen leaders. With an NBA-accredited MBA programme and industry-oriented comprehensive programmes, the Department of Management of Kalinga University trains young managers with a global level of knowledge about managerial and entrepreneurial skills. Learn how to operate a business while exploring the impact of economic, social, cultural, political, and technological decisions on companies and society, positively or negatively. With our innovative teaching pedagogy, students become well-equipped with various problem-solving skills through case studies and practical exposure. Our programs offer units that focus on key principles of commerce and their application in the industry. The vision of this department is to ensure that our students have an industry-relevant degree.

## What is

# IDEATHON 6.0

Kalinga University seeks to nurture creativity and entrepreneurial skills amongst early-stage entrepreneurs. IDEATHON 6.0 is a platform for school, university and college students across the globe to develop their business ideas and compete for the opportunity to win cash prizes and certification. Kalinga University helps you bring your idea from concept to pitch.

**Vision:** To build a vibrant entrepreneurial ecosystem that nurtures innovation, sustainable startups and future-ready leaders.

**Mission:** To inspire innovation, empower aspiring entrepreneurs, and support the creation of impactful, ethical, and sustainable startup ventures through mentorship, collaboration, and industry engagement.

- The selected teams will present their Business Plans before a panel of judges in hybrid mode. The presentations may be conducted either physically or virtually.

## Business Plan Template

Participants may use their own template or follow the suggested template to develop their business proposal.

## Section 1: Executive Summary

- Basic introduction of the company.
- Present the company's mission and vision.
- Describe the company's product and/or service offerings.
- Give a summary of the target market and its demographics.
- Summarise the industry competition and how the company will capture a share of the available market.
- Give a summary of the operational plan, including inventory, office labour, and equipment requirements.
- Describe the technological adoption and IPR issues.

## Section 2: Industry Overview

- Facts explaining present industry scenarios.
- Describe the company's position in the industry.
- Describe the existing competition and the major players in the industry.
- Provide information about the industry that the business will operate in, estimated revenues, industry trends & government influences.

## Section 3: Market Analysis and Competition

- Define your target market, their needs, and their geographical location.
- Describe the size of the market, the units of the company's products that potential customers may buy, and the market changes that may occur due to overall economic changes.
- Give an overview of the estimated sales volume vis-à-vis what competitors sell.
- Give a plan on how the company plans to combat the existing competition to gain and retain market share.
- Conduct a SWOT analysis.

## Section 4: Sales And Marketing Plan

- Describe the products that the company will offer for sale and its unique selling proposition.
- List the different advertising platforms that the business will use to get its message to customers.
- Describe how the business plans to price its products in a way that allows it to make a profit.
- Give details on how the company's products will be distributed to the target market and the shipping method.
- Explain the major bottlenecks the company will face and how the company plans to overcome them.

## Section 5: Management Plan

- Describe the organisational structure of the company.
- List the owners of the company and their ownership percentages.
- List the key executives, their roles, and remuneration.
- List any internal and external professionals that the company plans to hire and how they will be compensated.
- Include a list of the members of the advisory board, if available.
- Mention the major highlights of the company's HR policy.

## Section 6: Operating Plan

- Describe the location of the business, including office and warehouse requirements.
- Describe the company's labour requirement. Outline the number of staff that the company needs, their roles, skills training needed, and employee tenures (full-time or part-time).
- Describe the manufacturing process and the time it will take to produce one unit of a product.
- Describe the equipment and machinery requirements, and if the company will lease or purchase equipment and machinery, and the related costs that the company estimates it will incur.
- Provide a list of raw material requirements, how they will be sourced, and the main suppliers that will supply the required inputs.

## Section 7: Financial Plan

- Describe the financial projections of the company by including the projected income statement, projected cash flow statement, and the balance sheet projection.
- Fundraising from Venture Capitalists, etc.
- Details of loans/debt and sources.

### Section 8: Appendices and Exhibits (Optional)

- Quotes for building and machinery leases.
- Proposed office and warehouse plan.
- Market research and a summary of the target market.
- Credit information of the owners.
- List of products and/or services.
- Sources and Uses of Funds.
