Respected Ma'am ,

I hope this message finds you well. I am writing to respectfully invite you to the upcoming Faculty Development Program (FDP) that we are organizing. The invitation letter and the detailed schedule for the FDP are attached with this message.

Your presence and participation in this program would be greatly appreciated.

Thank you very much for your consideration.

With warm regards,

Dr. Lubhawani Tripathi
Associate Professor, Faculty of Education

Objective of Program:

1. **Enhance Global Perspectives:** To broaden the understanding of faculty members by integrating international research insights, innovative practices, and emerging trends in higher education and SME development from global experts.
2. **Foster Collaborative Learning:** To create a platform for networking and collaboration between international and local academic professionals, promoting the exchange of ideas, knowledge, and best practices across various disciplines.
3. **Empower Faculty for Research & Innovation:** To equip faculty members with advanced skills and methodologies in research, teaching, and SME innovation, enabling them to contribute effectively to academic growth and the development of entrepreneurial ecosystems.

Profile of Resource person (Sample)

Profile: Dr. Karishma Dhanmeher

Dr. Karishma Dhanmeher is a Postdoctoral Researcher at the Institute of Physics of Two Infinities, University of Lyon, France. With an exceptional academic background, Dr. Dhanmeher holds a PhD in Experimental Nuclear Physics from the Institute of Nuclear Physics, Polish Academy of Sciences, Krakow, Poland (2023) and an MSc in Physics from the University of Mumbai (2015).

Dr. Dhanmeher's professional journey includes valuable roles such as a Scientific Assistant at the Homi Bhabha Center for Science Education, Mumbai, and a Science Educator at the Nehru Planetarium, Mumbai. Her diverse experience in both research and education highlights her expertise and makes her a key contributor to discussions on how research can elevate the competitiveness of small and medium enterprises (SMEs). Her deep insights and extensive research experience position her as an inspiring figure in academia, ready to share knowledge that bridges the gap between scientific innovation and practical applications for SME growth.
