Memorandum of Understanding

This agreement sets the collaboration terms agreed upon by **Flive Consulting Private Limited (Unstop)**, B-9,6317, Vasant Kunj, New Delhi, 110022 and **Kalinga University,** Kotni, Near Mantralaya, Naya Raipur - 492101, Chhattisgarh, India, Raipur, Chhattisgarh, India for their upcoming event **KU Hackathon 2025.**

Effective Date: 21th Dec 2024

End Date: 14th February 2025

Purpose:
This **Memorandum of Understanding (MoU)** outlines the terms of collaboration between Unstop and Kalinga University for their upcoming event, KU Hackathon 2025.

Deliverables from Unstop:

1. Unlimited listing of events (student organizers) with complete brand customization, cover page banners, gallery, etc.
2. Online registrations for your event.
3. Online payment collection facility that can be linked to any of your listed opportunity registrations. (Note: Payment done through Unstop will be credited to the partner within 14 days of their registration deadline)
4. Management panel for live tracking of registrations and views of the opportunity. 5. Hosting rights for all the online events including quizzes, hackathons, case study/article submissions, etc.
6. Download details of all participants of your competition.
7. Proctoring: Enable Full-screen mode for quizzes and hackathons.
8. Send up to 5 customized emails per registration (deadline reminder, results etc.) (For 3 opportunities we can extend the email credits to 10 credits per registration - Only applicable if we go ahead with Unstop Express).
9. Take submissions of Articles, PPT, PDF, Images, Videos, etc.
10. **1 newsletter** inclusion *(7.5M+ subscribers)*
11. **1 Instagram** story *(125k+ followers)* + **1 Unstop App Notification** *(3M+ users)*
12. Participation certificates.

Deliverables from Kalinga University :

1. **Exclusivity:** Online registrations for your event will be done through Unstop.
2. Unstop logo visibility as **Powered by** the website, social media, PR releases, newspaper articles, and other branding collaterals.
3. Mention the link to your listed opportunity at Unstop on the college/event website.
4. Tag/Mention Unstop pages on all Social Media posts with our logo.
5. Please send a **Comprehensive Branding Report** verifying the presence of Unstop on all campus banners and posters with attached images as proof.

Terms of Agreement:

KU HACKATHON 2025

13th & 14th February 2025

24 Hours Event

About Kalinga University

Kalinga University, Naya Raipur, has emerged as a centre of excellence of higher education in Central India. Strategically located in the Smart City of Naya Raipur, this University has started carving a niche for itself in the education domain and is rising as a shining star on the horizon of quality education.

Established in 2013, this University has been able to win the confidence of over 12,000 students. Meritorious students from all over the country and various foreign countries like Afghanistan, Angola, Bangladesh, Cameroon, Gambia, Ivory Coast, Kenya, Lesotho, Liberia, Malawi, Namibia, Nepal, Nigeria, Papua New Guinea, South Sudan, Swaziland, Tanzania, Uganda, Zambia, Zimbabwe, etc. have chosen this University for their education and career.

KU Hackathon 2025

1. KU Hackathon is based on 4 Domains

Smart Automation | **Smart City**

Green Technology | **Block Chain Technology**

2. Select any one domain from the above.
3. Based on the selected domain, prepare an innovative/novel idea in the form of a PPT.
4. Upload the PPT with the registration fee of **INR 100/-** per Member (2 Members per Team) in the Google Link: https://forms.gle/iCM1fTwoLCvJif6Z7
5. The last date for the registration is **10th January 2025**.
6. Teams shortlisted for the final round will be announced on **20th January 2025.**
7. Teams shortlisted for the final round will have to pay a fee of **INR 1000/-** per Member (2 Members per Team) prior to the event for food and accommodation at the campus. They shall have to give presentations in offline mode on the **13th and 14th of February, 2025.**

Description of Domains

1. Smart Automation

The idea is to focus on building a fully autonomous smart energy monitoring facility for an entire building. This will be like a smart home solution but for an entire building. This AI-based solution can use deep learning to recognise patterns of behaviour at home or in the office to better manage energy consumption & electricity usage, strengthen security, and lower operating costs.

2. Smart City

Cities across the globe, especially emerging countries, are witnessing significant urbanisation. To make the city a better place to live and to improve the quality of citizens' welfare, ideas focused on solving the challenges in water management, solid waste management, safety and security, public health and digital connectivity.

3. Green Technology

Green technology has been gaining more popularity as the need to address global warming becomes more urgent. The theme deals with finding out the best solution for problems centred on sustainability, energy use, climate change, environmental monitoring, decentralisation of climate data, and anything technology focused on how we interact with the environment.

4. Block Chain Technology

A blockchain hackathon can explore a range of fields and human needs. It can last as long as you'd like and varies depending on the challenge. Predetermined judges typically determine the winner based upon the demo or proof of concept provided.

About the Event

- It is a National Level Hackathon.
- It is a 24-hour event starting at 11:00 A.M. on the **13th of Feb** and ending at 11:00 A.M. on the **14th of Feb 2025**.

Rules and Regulations
